About Us

Welcome to Geohence International Trading & Contracting! We take pride in being a premier provider of a wide range of services, including designing, consulting, trading and contracting, MEP (Mechanical, Electrical, Plumbing), survey, all kinds of fencing system supply and installation, transportation, manpower supply, and equipment supply. With our extensive experience and commitment to excellence, we have established ourselves as a trusted partner for clients across various industries.

At Geohence International, we understand that every project is unique, and we strive to deliver customized solutions that meet the specific requirements of our clients. Whether you are embarking on a construction project, seeking expert advice for your business venture, or in need of reliable transportation and manpower support, we have the expertise and resources to exceed your expectations.

OUR MISSION & VISION

VISION

Our vision at Geohance International is to be the preferred choice in the construction and contracting industry, recognized for our excellence, integrity, and unwavering commitment to delivering exceptional projects. We aim to exceed expectations by consistently surpassing industry standards and client requirements.

MISSION

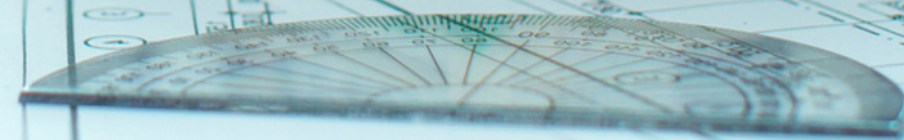

At Geohance International, our mission is to be a leading provider of construction and contracting services, committed to delivering exceptional results and exceeding our client's expectations. Our core values of quality, innovation, safety, and relationships drive our mission.

SERVICES

Designing

At Geohence International, we have a talented team of designers who possess expertise in creating visually appealing and functional designs. Whether you require architectural designs, interior layouts, or landscape planning, our designers work closely with you to transform your ideas into reality.

Consulting

Our consulting services cover a broad spectrum, ranging from project management and feasibility studies to strategic planning and cost estimation. We provide expert guidance and advice to help you make informed decisions, optimize resources, and achieve your goals efficiently.

Trading and Contracting

Geohence International Trading & Contracting offers exceptional trading and contracting services tailored to meet diverse industry needs. With our expertise and commitment to excellence, we provide comprehensive solutions for various projects. Trust our extensive experience, quality assurance, and timely delivery for a seamless trading and contracting experience.

Facilities Management

At Geohence International, we ensure the seamless operation of your facilities through our comprehensive Facilities Management services. From regular maintenance to energy optimization and robust security measures, our experienced team guarantees efficient, safe, and cost-effective facility management, allowing you to focus on your core business.

MEP

Our MEP services encompass the design, installation, and maintenance of mechanical, electrical, and plumbing systems. We employ advanced technologies and industry best practices to deliver efficient and sustainable solutions that meet the highest standards.

Survey

Geohence International offers precise Survey services to provide accurate project insights. Our expertise includes topographic surveys, boundary surveys, utility mapping, environmental assessments, and geotechnical surveys. Whether it's land development or property boundaries, our surveying solutions help you make informed decisions for your projects.

All kinds of Fencing system

Geohence International provides complete solutions for all your fencing needs. We supply and install a wide range of fencing systems, including perimeter security fencing, industrial fencing, and decorative fencing. Our robust and aesthetically pleasing fencing systems offer the perfect combination of security and style.

Transportation

Our transportation services provide you with seamless logistics solutions, ensuring the safe and timely delivery of goods and materials to their intended destinations. We have a well-maintained fleet of vehicles and a team of experienced drivers who prioritize efficiency and reliability.

Manpower Supply

We understand that skilled manpower is vital for project success. That's why we offer comprehensive manpower supply services, providing qualified professionals, technicians, and skilled laborers to support your operations and meet your project requirements.

Equipment Supply

With an extensive network of trusted suppliers, we offer a diverse range of equipment for various industries. From heavy machinery and tools to specialized equipment, we ensure that you have access to reliable and top-quality products to support your projects.

THANK YOU
